

BREAKFAST

In order to follow the parents' wishes, your child's teacher would like to know what children can have for breakfast at school.

Children will go directly to the cafeteria every day. Breakfast is served until 8:10.

Teachers will try to make sure that every child who has registered gets to go to breakfast. It is important for you, the father, to communicate with your child whether or not they should attend breakfast. We often have those students who want to eat just because they are friends, or do not want to eat because they will lose free time before school starts.
