September 2022

A new school year is here and influenza (flu) season will be upon us soon. The best way to keep our students healthy is to immunize them against the flu. Lafayette County Health Department is working with your child's school to give the seasonal flu vaccine to children at school. This year's vaccine is Quadrivalent and will protect against four influenza strains that are expected to circulate this year.

Flu vaccinations will be provided, FREE of charge, to school aged children (3-18 years of age).

We will be holding the school flu vaccination clinic on Wednesday September 28.

For seasonal flu vaccine information statements, please visit the CDC's influenza web pages at <https://www.cdc.gov/vaccines/hcp/vis/vis-statements/flu.html>.

If you have any questions about the vaccine or the vaccination clinics, please contact the Health Department at 776-4895 between 8:00 AM and 4:30 PM.

****If you desire to have your student vaccinated for influenza, please complete the vaccine consent form and return to school by September 28, 2022.**

Sincerely,
Lafayette County Health Department
